Tech Rider

Our stage setup is - 1 Drum kit and percussions (Tabla, Darbukka), 1 Keyboard, 1 Guitar, 1 Zitar, 2 vocals, 3 backing vocals. Full performance show length is 120 minutes with a 10 minutes break. We do NOT perform requests.

1. We will need a qualified sound engineer, at least 3 stage technicians and lights technician.
2. Lighting can be discussed during sound-check, it is important though that during the show there is always sufficient light.
3. Please do NOT use fog and do NOT use stroboscope lights
4. We will need an absolute minimum of 60 minutes sound-check. 90 to 120 minutes including setup would be perfect.
5. We need a safe parking space available for the band close to the venue. The promoter or another person should be at the venue at arrival time.
6. Please provide minimum 14 bottles of non-carbonated water, room temperature. There should be resting rooms for musicians.
7. A table and small light for our merchandising in the same room as the show, if possible.
8. There is a large amount of promotional material we can send to you for advertising purpose. Please inform us if you need posters, flyers, or templates.
9. We assume that there is a well-sized PA system provided for the concert room.
